MESSAGE FROM THE OIC

MESSAGE FROM THE OIC

The year 2019 was a year of change as we welcomed our new DA Secretary William D. Dar and said our farewell and congratulations to our former Executive Director and newly appointed Undersecretary Ernesto S. Gonzales. With these changes, the NMIS geared its efforts in harmonizing its programs with Secretary William D. Dar's "Eight Paradigm" Set to Level-up Agriculture. With our 2017-2022 Strategic Goals in hand, we have reviewed it mid-streamed and aligned it towards the new DA's vision of a "Food Secure Philippines with Prosperous Farmers and Fisherfolks".

We at the NMIS continued to implement our priority programs and activities and started looking strengthening its research and standard setting programs. By including standards-setting as one its priority programs, the NMIS hopes that regulations, procedures, and guidelines to be issued in the future work would be science-based and specific. Standards when applied ensure the safety and quality of foods and guarantee the efficiency in the implementation of regulations.

I thank all NMIS personnel for your exceptional performance in providing meat inspection services. Let us all continue to work on gearing towards a MEAT SAFE AND SECURE nation.

(Sgd)

ATTY. BEATA H.O. OBSIOMA

OIC Executive Director and Deputy Executive Director

THE PHILIPPINE MEAT INSPECTION SYSTEM

NATIONAL MEAT INSPECTION SERVICE (NMIS)

The NMIS is a specialized regulatory agency attached to the Department of Agriculture (DA). Under the Republic Act No. 9296, known as the “The Meat Inspection Code of the Philippines” as amended by R.A. No. 10536, the NMIS is the sole national controlling authority on matters pertaining to meat inspection and meat hygiene. A Meat Inspection Board (MIB) is created under the NMIS this law, responsible to assist in the formulation of policies and guidelines and advise the Chairperson (Secretary of the Department of Agriculture) on all matters pertaining to meat inspection and hygiene.

The composition of NMIS is as follows:

Office of the Executive Director (OED)

The NMIS is headed by an Executive Director and assisted by a Deputy Executive Director. The OED executes, directs and supervises the implementation of rules, regulations and Programs/Activities/Projects (P/A/Ps) of the NMIS to ensure an efficient implementation of a national meat inspection control system.

17 Regional Technical Operation Centers (RTOCs)

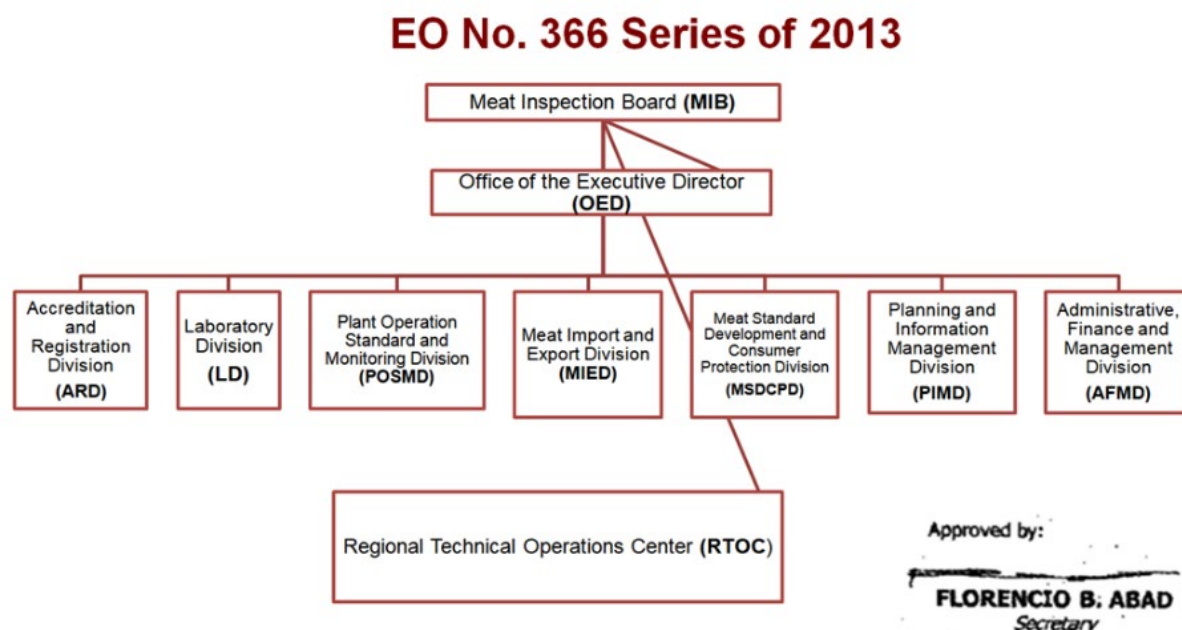

The over-all operation of the RTOCs are under the command and responsibility of the Regional Technical Directors (RTDs). The RTOC is responsible for the implementation of the rules, regulations and P/A/Ps within their jurisdiction. The RTOC also provides technical assistance, assist in capability building and coordinates with stakeholders. The RTOCs are in Regions 1, 2, 3, 4A, 4B, 5, 6, 7, 8, 9, 10, 11, 12, 13, CAR, CARAGA, NCR and BARMM.

7 Divisions

Issuance of guidelines, regulations, procedures and over-all monitoring of P/A/Ps is done at the NMIS Central Office thru the following divisions are headed by Division Chiefs: Accreditation and Registration Division (ARD), Laboratory Division (LD), Meat Standard and Consumer Protection Division (MSDCPD), Meat Import and Export Division (MIED), Plant Operation and Standards Monitoring Divisions (POSMD), Planning and Information Management Division (PIMD) and the Administration and Finance Division (AFMD).

THE PHILIPPINE MEAT INSPECTION SYSTEM

NMIS Organizational Structure

Pursuant to its mandate, the NMIS as the competent authority is tasked to implement the following policies, programs, guidelines, rules and regulations pertaining to meat inspection and meat hygiene to ensure meat safety and quality from farm to table through the following services:

1. Accreditation, Licensing and Registration Services

The NMIS is responsible for the accreditation/licensing of meat establishments, registration of meat transport vehicles. Meat establishments (MEs) licensed are slaughterhouses (SH), poultry dressing plants (PDP), meat cutting plant (MCP), meat depot center (MDC), cold storage warehouse (CSW) that have distribution outside the locality or to any accredited AA or AAA ME.

2. Plant Operation (Inspection) and Standards Monitoring Services

The NMIS is responsible for the inspection and certification of meat, as well as the technical supervision of local government units (LGU).

THE PHILIPPINE MEAT INSPECTION SYSTEM

3. Meat Import and Export Services

The NMIS evaluates foreign meat establishments intending to export to the Philippines, accredit meat importers and exporters, inspect imported meat, certify for export and provide technical assistance for exporters.

4. Meat Standard Development and Consumer Protection Services

The NMIS is responsible for the technical training of veterinarians and meat inspectors on meat inspection, provides technical assistance to LGUs in their development of their Local Meat Inspection System (LMIS) and develop safety and quality standards in consultation with standard setting agencies.

5. Laboratory Testing and Analysis

The NMIS provides analytical services and data analysis to detect contaminants in meat and perform analyses for detection of pathogens, veterinary drug residues, meat parasites and identification of meat species.

6. Local Meat Establishment Assistance

The NMIS provides technical assistance on the construction of in-house and meat establishments, accreditation of meat establishment contractors, fabricators, suppliers and third-party service providers, assists in the development of standards for slaughtering and processing equipment, utensils and other paraphernalia used in meat inspection and manages climate change programs.

7. Enforcement Activities

The NMIS is responsible for the enforcement of policies against hot meat, adulterated and misbranded meat thru the conduct of regular meat market post-abattoir monitoring and surveillance, strike operations and confiscation.

LOCAL GOVERNMENT UNIT (LGU) RESPONSIBILITY

As stated in Article 25 Rule V of the IRR of RA No. 7160 "Local Government Code", the responsibility for delivery of basic meat inspection service and operation of the meat establishment shall remain with the city or municipality.

FOOD BUSINESS OPERATORS (FBO) RESPONSIBILITY

The FBO is primarily responsible for ensuring that food (or meat) satisfies the requirements of food law and that control systems are in place to prevent, eliminate or reduce risks to consumers, as stated in the IRR of RA No. 10311 "Food Safety Act of 2013".

HIGHLIGHTS OF ACCOMPLISHMENT

HIGHLIGHTS OF ACCOMPLISHMENT

COMPLIANCE TO 15-POINT AGENDA OF SEC. WILLIAM D. DAR

- **Introduce the “New Paradigm”**
 - Conducted information dissemination of the New Paradigm to all employees of the Central Office and Regional Technical Operation Centers thru discussion during meetings and the NMIS Electronic Communication System (ECS)
 - Conducted a seminar-workshop on aligning the NMIS Strategic and Operational Plan 2019-2022 in the Management Committee Meeting last 11-15 November 2019

DA Eight (8) Paradigm	DBM Organizational Outcome	NMIS Strategic Goal (SG) 2019-2024	Strategic Components 2019-2024
Modernization of Agriculture Industrialization of Agriculture is the key Infrastructure development should also be critical Promotion of export is a necessity Consolidation of small and medium size farms Higher budget and investment for Philippine agriculture Legislative support is needed Roadmap development is paramount	Meat Industry Sector Developed (Local Meat Establishment Assistance Program) Meat Safety and Quality Assured (Meat Regulatory Program)	SG 3: Enhancing Partnership with Stakeholders and Other Government Institution	National Abattoir Development Master Plan
		SG 5: Strengthen Compliance to International Standards	Laboratory
		SG4: Enhance Cooperation with Global Community/Meat Industry	Technological
		SG 2: Strengthening Meat Related Legislation and Reinforcing NMIS Regulatory Functions	Regulatory
		SG 1: Institutional Strengthening	Human Resource

HIGHLIGHTS OF ACCOMPLISHMENT

- **Assist the Bangsamoro Autonomous Region in Muslim Mindanao (BARMM)**
 - Continued operation of NMIS RTOC BARMM satellite office
 - Provided technical assistance to the Task Force Bangon Marawi Halal Slaughterhouse Project in Marawi's Most Affected Area
 - Conducted trainings on basic meat inspection and food safety
- **Strengthen Organizational Structure**
 - Finalization of NMIS Reorganization Plan pursuant to RA No. 9296 as amended by RA No. 10536
- **Enhance partnership with Local Government Units (LGUs) and Private Sector**
 - Close coordination and collaborative efforts were done with stakeholders and other government agencies to control the spread of African Swine Fever (ASF);
 - Conduct of LGU Provincial Veterinarian and Deputized Meat Inspectors Meetings;
 - Conduct LGU Seminar of food safety, enforcement and Local Meat Inspection System;
 - Conduct "Food Summit" with key stakeholders

ISO 9001:2015 QUALITY MANAGEMENT SYSTEM

- The NMIS Central Office and all its sixteen (16) Regional Technical Operation Centers (RTOCs) have been certified to be ISO 9001:2015 Quality Management System, in compliance to Executive order No.605 Series of 2007 "Institutionalizing the Structure, Mechanism and Standards to Implement the Government Quality Management Program"

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

I. MEAT REGULATORY PROGRAM

A. Meat Safety and Quality Sub-program

1. Meat Inspection at NMIS Licensed Meat Establishments

a. Meat Inspection Officers

Only Meat Inspection Officers (NMIS meat control officers and meat inspectors, deputized meat control officers and meat inspectors) duly appointed and designated by NMIS or LGU, are authorized to conduct meat inspection work.

In 2019, NMIS has conducted daily monitoring and meat inspection to a total of 511 NMIS Licensed Meat Establishments with a total of 209 MIOs nationwide, with an average of 2 MIOs assigned per ME.

Region	Number of Licensed MEs	Number of MIOs Assigned	Average Number of ME assigned per MIO
I	34	9	4
II	16	5	3
III	89	29	3
IV-A	88	38	2
IV-B	6	6	1
V	17	9	2
VI	22	7	3
VII	37	14	3
VIII	12	6	2
IX	7	8	1
X	28	12	2
XI	25	12	2
XII	13	7	2
CARAGA	11	3	4
CAR	4	3	1
NCR	102	41	2
Total	511	209	3

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

b. Slaughter volume

The 2019 total slaughter volume from licensed MEs amounted to 1,130,039,945 kgs from 656,441,556 heads of animals. The top 3 highest slaughter volume was from chicken meat at (768,721,558 kg followed by pork (323,598,987 kg) and beef (25,068,912 kg).

Type of Food Animal	2018 Slaughter Data from NMIS Licensed ME	
	Volume (in heads)	Volume (in kg)
Chicken	651,176,815	768,721,558
Hogs	4,920,381	323,598,987
Cattle	172,116	25,068,913
Carabao	71,978	12,051,238
Duck	65,359	179,130
Goat	30,611	207,255
Crocodile	2,331	9,774
Horse	1,799	194,250
Sheep	78	1,781
Ostrich	88	7,059
TOTAL	656,441,556	1,130,039,945

Assessment of the nationwide slaughter data of the Philippine Statistics Authority (PSA) shows that the percent of slaughter volume from NMIS Licensed ME of the top 3 commodities are as follows: chicken 90%, hog 39% and cattle at 20%.

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

Ante-mortem inspection registered chicken with the highest volume of condemnation at 5,210,712 kg and 6,197,835 heads followed by hog with 103,880.54 kg and 1,164 heads.

2019 VOLUME OF CONDEMNED ANIMALS DURING ANTE-MORTEM INSPECTION		
Food Animals	Number of Heads	Weight (kg)
Hog	1,164	103,880.54
Chicken	6,197,835	5,210,712
Cattle	8	1,883
Carabao	7	1,448

Post-mortem inspection condemnation resulted to following with the highest reported volume by parts: hog lungs = 231,229.24 kg and chicken liver = 501,589 kg.

2019 VOLUME OF CONDEMNED PARTS DURING POST-MORTEM INSPECTION				
Body Part	Hog	Chicken	Cattle	Carabao
Carcass	843	2,632,707	2	1
Liver	41,134.48	501,589	15,729	12,841
Lungs	231,229.24	0	7,214	3,427
Trimming	69,563.13	301,861	4,634	1,406
Intestines	42,160.71	0	1,432	63
Heart	35,775.06	0	634	0
Feet	0	144,133	0	0

The slaughter from 865 Local Government Unit (LGU) Locally Registered Meat Establishments (LRME) are being inspected by the LGU MIO and are being monitored by NMIS.

c. Meat Inspection Certificate

All meat which has been inspected and passed as fit for human consumption are issued with a Meat Inspection Certificate (MIC) by meat control officers, deputized meat control officers, meat inspectors and deputized meat inspectors duly appointed and designated by the NMIS or LGUs. In 2019, a total of 3,317,053 sheets of MIC were issued and utilized, with a 6% increase compared to 2018 data.

MIC	2018 (in sheets)	2019 (in sheets)	% Change
No. of MICs distributed to RTOCs	3,240,000	3,254,600	0.45
No. of MICs utilized by RTOCs (usage as reported by RTOCs)	3,112,061	3,317,053	6.59
No. of Cancelled MICs	4,298	6,577	53.02

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

d. Food Animal Welfare Program (FAWP)

Activities conducted for the FAWP were distribution of tarpaulins ("Flooding of Animals is a Crime") to slaughterhouses, FAW technical meeting and review and analysis of FAWP.

2. Deputation

In order to augment the NMIS workforce in specified NMIS-licensed meat slaughterhouses and poultry dressing plants, a total of 275 LGU Deputized Meat Inspector Officers (DMIO) from those endorsed by the LGU and RTOCs. Region 3 having the greatest number of DMIO at 71, followed by Region 4A with 40 and Region 1 with 31.

Region	MCO	MI	Total
I	3	28	31
II	0	8	8
III	4	67	71
IV-A	2	38	40
IV-B	0	6	6
V	1	11	12
VI	1	11	12
VII	0	17	17
VIII	1	8	9
IX	0	6	6
X	0	6	6
XI	0	14	14
XII	1	12	13
CARAGA	0	6	6
CAR	1	2	3
NCR	1	20	21
BARMM	0	0	0
Total	15	260	275

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

3. Inspection of Exported Meat

Export of meat resumes in 2019 as the ban imposed by other countries for Highly Pathogenic Avian Influenza (HPAI) was lifted. Poultry meat (chicken and duck) remained to be the export of the Philippines, mostly to Japan. A total of 176,675.80 kg of poultry meat were from the following 8 AAA ME, which were exported mostly for San Miguel Foods Inc.:

2019 VOLUME OF EXPORTED MEAT	
COMMODITY	VOLUME (in kg)
Chicken Meat	162,600.30
Duck Meat	13,075.50
TOTAL	175,675.80

- Johanna's Chicken Processing Center (Lucena and Tiaong)
- LDP Farms Food Corp.
- Maharlika Agro-Marine Ventures Corp.
- Mofels Food International Corp.
- Reitoh Cold Storage Inc
- Soguko Foods Corporation
- Felmocor Food Processing Corp.
- Cariño and Sons Development Inc.

In October 2019, the South Korea's Ministry of Food Agriculture and Rural Affairs (MAFRA) and Ministry of Food and Drug safety (MFDS) approved 3 "AAA" PDP to export chicken meat, namely LDP Farms Food Corp., Cariño and Sons Development Inc., and Ana's Breeder Farm Inc.

4. Inspection of Imported Meat

All imported meat brought into the country are subjected to inspection by NMIS Plant Officers (PO) at the DA Accredited CSW upon its clearance by the BAI Veterinary Quarantine Officer (VQO) at the port. All imported meat

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

that are inspected and passed are issued an electronic Veterinary Quarantine and Meat Inspection and Laboratory Certificate (eVQMILC) and all imported meat to be dispatched for trade or processing are inspected and issued a Certificate of Meat Inspection (COMI) by the NMIS PO.

a. Meat Import Volume

Total meat import volume as of 31 December 2019 was 844,971,338 kg from 21 countries with 40.28% of the total

2019 MEAT IMPORT ARRIVAL		
COMMODITY	VOLUME (in kg)	%
Beef	136,415,330	16.14
Buffalo Meat	31,510,526	3.73
Chicken Meat	340,332,312	40.28
Lamb Meat	926,281	0.11
Pork	335,786,890	39.74
TOTAL	844,971,338	100

Source: BAI-NVQSD as of 31 December 2019

is chicken meat followed by pork at 39.74%, beef at 16.14%, buffalo meat at 3.73% and mutton at 0.11%. The top exporting country for each commodity is as follows:

- Australia for beef at 36,469,212 kg;
- India for buffalo meat at 31, 510,526 kg;
- Netherlands for chicken meat at 97,885,470 kg;
- Australia for lamb meat at 791,771 kg and;
- Spain for pork at 122,511,533 kg.

b. Non-conforming imported meat

Cases of non-conforming imported meat included shipment without SPS Clearance, spoiled meat and labelled expired meat.

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

5. Enforcement (Surveillance, Monitoring and Confiscation)

To deter the proliferation of “hot meat” (illegally slaughtered, illegally sourced meat and unhygienic handling), enforcement activities were regularly done in collaboration with both national and local government units.

In 2019, a total of 1,418 meat market monitoring and surveillance were conducted, 541 Notice of Violations issued, 267 strike operations/confiscations resulting to 65,390.99 kg of meat confiscated nationwide. Most of the confiscation made in meat markets were due to the unhygienic handling of meat. From the total confiscation, 72% (46,938.76 kg) were imported meat and 28% (18,452.23 kg) were local meat, with poultry meat and pork topping the list for imported meat and local meat respectively.

6. Laboratory Testing and Analysis

To verify quality, safety and wholesomeness of meat from slaughter to sale, the NMIS has the capability to perform analytical tests to detect physical, chemical and biological contaminants in meat and meat products. Analytical examination includes microbiological examination (meat pathogens), veterinary drug residue, parasite, meat species identification and antimicrobial resistance. The Central Meat Laboratory together with the Regional Meat Laboratories in Regions I, III, IV-A, VII, XI and XII worked together to cater the laboratory needs of the regulatory divisions of the NMIS and its general clientele. The samples submitted for analysis can be classified coming from walk-in clients, imported meat surveillance, antimicrobial resistance surveillance veterinary drug residue monitoring samples and swabs from the accredited meat establishment for the verification of hygiene and sanitation performance standards.

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

a. Pathogen Monitoring Program

This program is conducted for the detection of pathogenic bacteria in meat, particularly *Escherichia coli*, *E. coli* O157:H7, *Staphylococcus aureus*, *Campylobacter* spp., *Salmonella* spp, yeast and molds. In 2019 a total of 36,801 analysis was conducted for pathogen monitoring, of which 28,452 negative results and 1,544 positive results. For routine Environmental Sampling and Hygiene Monitoring, there were 6,805 analyses conducted.

b. National Veterinary Drug Residue Program

This annual program is implemented to conduct screening tests (ELISA and MIT) of residue of banned veterinary drug (such as corticosteroids, ractopamine, chloramphenicol, beta-agonist and nitrofurans) in meat from samples of meat, urine and edible tissues such as kidney and liver. Further confirmatory tests is endorsed to the NFA-FDC which has developed an in-house laboratory confirmatory test method for Chloramphenicol using LC MS/MS. Confirmed test results are coordinated with the Bureau of Animal Industry (BAI) for traceback and action with concerned farms. For 2019, a total of 20,320 analysis for Microbial Inhibition Test (MIT) was conducted and 4,573 analysis for Enzyme Linked Immuno Assay Test (ELISA) was conducted. From the MIT 69 positive results and 20,251 negative results, while ELISA had 397 positive results and 4,164 negative results.

c. Meat Parasites Monitoring Program

This program is a passive monitoring of meat and is based mainly on a need basis analysis. No tests were done for 2019.

d. Meat Species Identification Program

This program is an annual program made to address concern on adulteration and misdeclaration of species in meat. This program is also done in support to the National Action Plan to Eliminate Dog Meat Trade. A total of 455 analysis was conducted for 2019 from which a total of twelve (12) confiscated samples from the joint operations of NMIS, Animal

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

Kingdom Foundation (AKF), PNP-CIDG, and various LGUs in Regions III and IVA to deter illegal trading of dogs were confirmed as dog meat.

e. Antimicrobial Resistance Program

This program is a DA inter-agency program and is aimed to address the link of food animal production to the increasing number of microbes resistant to antibiotic. For 2019, the samples were collected with the help of the RTOC's Plant Officers assigned in the NCR, Region III, Region IV-A, Region VII and Region XI a total of 491 cecal samples with different farms sources were collected. All positive bacterial isolates were subjected to Antimicrobial Susceptibility Testing using Vitek 2 and Sensititre machine. A total of 1,888 analyses were performed and results showed that 34 bacterial isolates are resistant to certain antibiotics an 1,854 bacteria isolates are still susceptible to antibiotics.

B. Licensing and Registration Sub-program

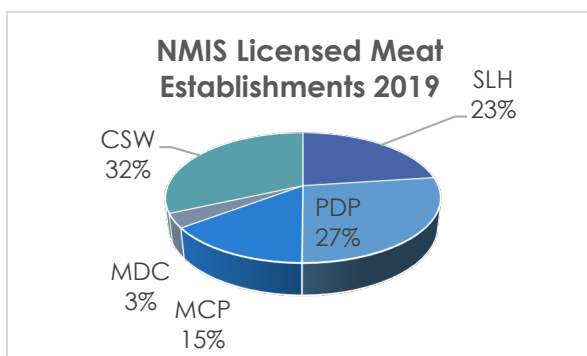

1. Licensing of Meat Establishments (MEs)

The licensed MEs compose of slaughterhouses (SLH), poultry dressing plants (PDP), meat cutting plant (MCP), meat cutting plat (MCP), meat depot centers (MDC), and cold storage warehouses (CSW). These MEs were classified as "AA" and "AAA" which allow meat produced to be transported and sold outside the municipality/city and eligible for export to other countries respectively.

A total of 511 MEs were found to be compliant with national standards and given a License to Operate (LTO) by NMIS in 2019, of which 88% (448 MEs) were classified as "AA" and 12% (63 MEs) classified as "AAA". The "AA" MEs was composed mostly of CSW (145 MEs) while "AAA" (export facilities) was composed mostly of PDPs (31 MEs). Comparison with the 2018 data shows that the number of licensed MEs in 2019 increased by 11% (50 MEs).

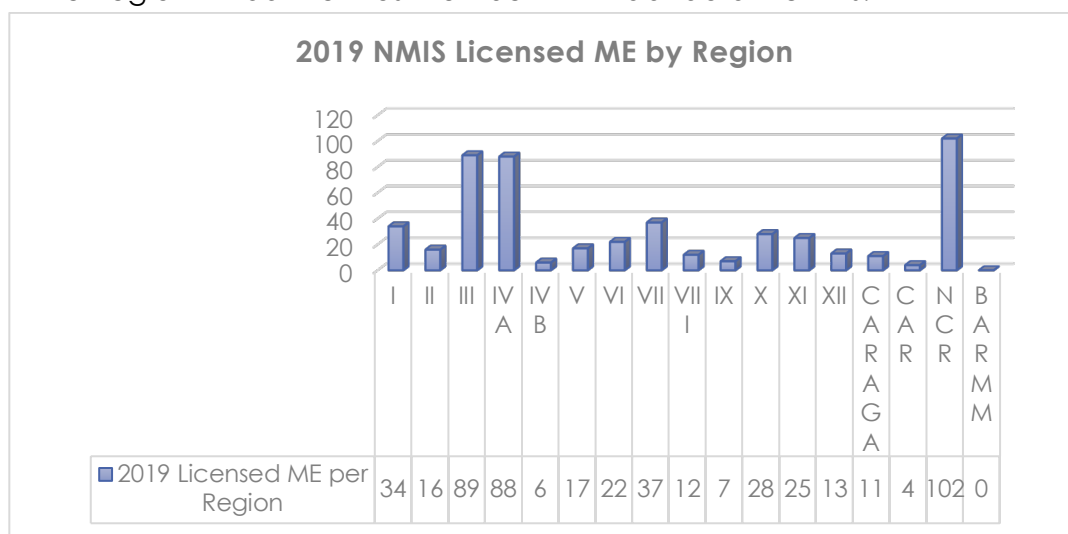

MEs	AAA	AA	TOTAL
SLH	8	109	117
PDP	31	108	139
MCP	7	68	75
MDC	0	18	18
CSW	17	145	162
TOTAL	63	448	511

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

The CSW registered the greatest number of licensed MEs comprising 32% (162 MEs), followed by PDP at 27% (139 MEs), SLH at 23% (117 MEs), MCP at 15% (75 MEs) and MDC the least at 3% (18 MEs).

In reference to the location nationwide and in Luzon, NCR has the most number of licensed MEs with 102, followed by Region III with 89 and Region IVA with 88. In Visayas, Region VII had the most number at 37 MEs while Region X had the most number in Mindanao at 28 MEs.

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

2. Registration of Meat Transport Vehicles (MTV)

In order to ensure hygienic handling of meat from the licensed ME to another place (market or storage), all MTV are inspected for compliance to meat safety regulations and registered. A total of 8,505 MTVs was registered in 2019, which reflects a 6% decrease compared to the number of MTVs registered in 2018. Region III had the greatest number of registered MTV nationwide and in Luzon at 24.22% while Region VII for Visayas at 6.81% and Region XI for Mindanao at 5.36%

Region	2019 Registered MTV	%
I	291	3.42
II	57	0.67
III	2060	24.22
IVA	1654	19.45
IVB	9	0.11
V	296	3.48
VI	247	2.90
VII	579	6.81
VIII	323	3.80
IX	40	0.47
X	400	4.70
XI	456	5.36
XII	257	3.02
CARAGA	101	1.19
CAR	18	0.21
NCR	1717	20.19
BARMM	0	0.00
TOTAL	8505	100.00

3. Certification of Compliance on Good Manufacturing Practices (GMP) and Hazard Analysis Critical Control Point (HACCP)

Since 2003 and 2004, NMIS has required the mandatory implementation of HACCP of “AAA” ME and mandatory implementation of GMP of “AA” ME and is audited by NMIS MSQA auditors to verify compliance.

In 2019, a total of 511 ME was GMP certified, 84 ME were HACCP certified and 142 HACCP certified products. Comparison with the 2018 data, shows an increase of 11% GMP certified ME and 1% for HACCP certified ME. However, there was a slight decrease of 1% certified HACCP products.

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

4. Accreditation of Meat Importers

Only accredited Meat Importers are allowed to import meat into the Philippines and are classified as follows: Meat Importer Trader (MIT), Meat Importer Processor (MIP), Meat Importer Institutional User (MIIU), Meat Importer Duty Free Shop (DFS), Duty Free Locator Meat Importer Institutional User (DFL-MIIU) and Duty Free Locator Meat Importer Processor (DFL-MIP).

A total of 293 meat importers were accredited by NMIS in 2019. Majority of the importers by classification were MIT at 85% (250), followed by MIP at 12% (36), MIIU at 2% (6) and DFS at 1% (1). Profile of the Meat Importers show that business offices of importers were located mostly in NCR, while the rest are in Region IVA, III, VII, XI and BARMM.

2019 NMIS ACCREDITED MEAT IMPORTERS													
REGION	MIT		MIP		MIIU		DFS		DFL-MIIU		DFL-MIP		TOTAL
	REN	NEW	REN	NEW	REN	NEW	REN	NEW	REN	NEW	REN	NEW	
NCR	127	59	11	7	3	3	0	0	0	0	0	0	210
III	14	5	5	1	0	0	0	1	0	0	0	0	26

TOTAL	169	81	24	12	3	3	0	1	0	0	0	0	293

5. Accreditation of Countries Exporting Meat into the Philippines

Exporters of meat to the Philippines is required to secure accreditation of its Foreign Meat Establishments (FME) and is subject to DA's Import Risk Analysis and Food Safety Audit by a joint team from the Bureau of Animal Industry (BAI) and NMIS. A DA Pre-Inspection Committee (PIC) approves the list of applicant countries to be inspected by the team. The results of the DA Inspection Mission (DAIM) is presented to the DA Accreditation and Review Body (ARB) for final recommendation to the Secretary.

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

The DAIM were conducted in 5 countries in 2019, 2 of which were applications for Individual FME Accreditation and 3 applied for System Accreditation'

Country	Application	Date of DAIM
Hungary	Individual FME Accreditation for Poultry (chicken and duck) Meat	May 5 to May 15, 2019
Sweden	System Accreditation for Pork	July 6 to July 17, 2019
Chile	System Accreditation for Poultry Meat (chicken and turkey) and Pork	September 21 to October 5, 2019
Spain	System Accreditation for Chicken meat, Pork and Beef	October 20 to October 31, 2019
Brazil	Individual Accreditation for Beef, Pork and Chicken Meat	November 25 to December 9, 2019

A total of 14 countries had System Accreditation and 104 FME had Individual Accreditation, allowing them to export meat in the Philippines for 2019.

6. Accreditation of Meat Establishment Contractors and Fabricators

The NMIS accredits contractors for civil works, fabricators and suppliers of slaughterhouse equipment to ensure infrastructure projects are compliant to national standards. In 2019, a total of 27 contractors, 17 fabricators and 3 suppliers were accredited nationwide.

Type	2018	2019
ME Contractor	38	27
ME Fabricator	22	17
ME Supplier	3	3

7. Issuance of Guidelines, Procedures, Policies and Regulations on Meat Safety

a. Public Consultation

Draft Rules and Regulations on the Issuance of Certificate of Registration of Meat Transport Vehicle (MTV)

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

8. Continuing Education in Meat Inspection and Safety

a. Trainings on Meat Inspection

In order to ensure that MIO are well-equipped in inspection, the following trainings were provided: Retooling and Training Workshops for MIO and Training Workshop for RTOC Quick Response Teams.

b. Training of Enforcement

In support to the LGU in their endeavor to be self-reliant in the discharge of duties and function on post-abattoir activities, a total of 65 trainings and seminars were conducted by NMIS.

c. Training on Meat Safety and Quality Assurance (MSQA)

In order to improve the skills and increase the pool of NMIS auditors, the following MSQA trainings were conducted in 2019: HACCP Audit Training Course, GMP Audit Training course and Technical Writeshop.

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

II. LOCAL MEAT ESTABLISHMENT ASSISTANCE PROGRAM

A. Meat Establishment Improvement Sub-program

For 2019, five Local Government Units (LGUs) were given assistance thru the Meat Establishment Improvement Program (MEIP):

1. Luna, Apayao
2. Tabuk City, Kalinga
3. Sablayan, Occidental Mindoro
4. Gasan, Marinduque
5. Midsayap, North Cotabato

B. Meat Inspection Assistance Services Sub-program

In assistance to the LGU Local Meat Inspection Service, the NMIS manages technical training for national and local veterinarians and meat inspectors. A total of 400 veterinarians and inspectors from all regions underwent a Basic Meat Inspection Training Course (BMITC).

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

PHYSICAL REPORT OF OPERATION (DBM PREXC)

PERFORMANCE INDICATORS	BASELINE	TARGETS (2018-2022)	PHYSICAL TARGETS (2019)	PHYSICAL ACCOMPLISHMENT (2019)
Organizational Outcome 1: Meat Safety and Quality Assured				
MEAT REGULATORY PROGRAM				
Outcome Indicators				
1. Percentage of existing meat establishments (MEs) and transport vehicles conforming to national and international standards for handling safe and quality meat				
a. Meat Establishments	39% (297/759)	75% in 5 years (570/759) 7.2% increase/yr	15%	67%
b. Transport Vehicles	72% (2,526/3,500)	85% in 5 yrs (2,975/3,500) 2.6% increase/yr	17%	230%
Output Indicators				
1. Percentage increase in number of meat establishments (MEs) and transport vehicles monitored and or inspected with reports issued				
a. Meat Establishments	297	10% increase	10%	124%
b. Transport Vehicles	2,526	10% increase	10%	188%
2. Number of HACCP certified MEs monitored and/or inspected with reports issued	130	133	133	226
3. Percentage of certificates and licenses issued within the prescribed period	100%	100%	100%	100%
4. Percentage of exporter and importer MEs registered and licensed within the prescribed period from the date of application	100%	100%	100%	100%

OPERATION'S REPORT – PROGRAMS/ACTIVITIES/PROJECTS(P/A/PS)

Organizational Output 2: Meat Industry Sector Developed				
LOCAL MEAT ESTABLISHMENT ASSISTANCE PROGRAM				
Outcome Indicators				
1. Percentage increase in the number of beneficiary Local Government Unit (LGU) meat facilities that are compliant national standards and are properly operated and maintained	25% (12/48)	75% in 5 years (36/48) 10% increase/year	15%	39%
2. Percentage of highly urbanized LGU (33 HUC) capable of performing meat inspection services	-	100% in 5 years (7/33) (20%/year)	20%	61%
Output Indicators				
1. Number of LGU Meat Inspectors trained to perform meat inspection service	-	400	400	650

RTOC HIGHLIGHT OF ACTIVITIES

RTOC 1 – ILOCOS REGION

- ❖ Doubled its effort to monitor meat markets and conducted strike operations.
- ❖ Conducted 45 monitoring/surveillance of meat markets, 4 strike operations and confiscated 88 kgs of hot meat.
- ❖ Regular radio guesting's and media appearances thru regional TV networks
- ❖ Joined other local government agencies and instrumentalities in the region in the formulation of their respective plan that is consistent and supportive of the national development strategies.
- ❖ Number of accredited meat establishment has increased.
- ❖ New satellite laboratory became functional both for local and for export products.
- ❖ Increasing demand for technical assistance for LGU aiming to establish their own municipal/city slaughterhouse.
- ❖ Conducted ASF control and prevention activities such as seminars, distribution of flyers, required Meat Establishments to put streamer at the gate with policy "No Veterinary Health Certificate/ No Shipping Permit, No Entry"; heightened ante-mortem inspection and prompt reporting if detected; constant disease surveillance and monitoring in all Meat Establishments and Coordination with Local Chief Executives.
- ❖ Conducted BMITC, LGU Enforcement Seminar, Training on Trainor's on Food Safety, Retooling Seminar for DMIO and LGU Food Safety to 527 participants.
- ❖ Extended technical assistance to the construction and completion of Malasiqui Poultry Dressing Plant, a pilot PDP SSMEP and 57 technical assistance to LGU and private meat establishment operators.

RTOC HIGHLIGHT OF ACTIVITIES

RTOC 2 – CAGAYAN VALLEY

- ❖ Intensified enforcement activities.
- ❖ Conducted 75 monitoring/surveillance of meat markets, 29 strike operation and confiscated 6,617 kgs of hot meat.
- ❖ Conducted Good Handling Practices (GHP) to 4 LGUs, includes Nagtipunan, Ilagan, Tuao and Tuguegarao City, wherein a total of 389 participants mostly barangay health workers and barangay nutrition scholars participated in the seminars.
- ❖ Conducted seminar on Meat Safety Advocacy was conducted to four (4) LGUs namely Diadi, Nueva Vizcaya, Gattaran, Camalaniugan, Cagayan and Cordon, Isabela. A total of 163 participants mostly meat vendors and butchers attended the seminar.
- ❖ Conducted 4 Local Meat Inspection System Orientation and meetings to 83 participants.
- ❖ Monitoring of backyard PDP in Cagayan and Isabela.
- ❖ Two completed projects under the Meat Establishment Improvement Program namely Solana SLH, Solana, Cagayan with a total funding of P5M and Benito Soliven SLH Benito Soliven, Isabela with a total project cost of P3M. The upgrading and rehabilitation of Tuguegarao SLH with a project cost of 10M has been on going and 80% completed.

RTOC HIGHLIGHT OF ACTIVITIES

RTOC CAR – CORDILLERA ADMINISTRATIVE REGION

- ❖ Registered 18 MTVs and has 5 Licensed ME.
- ❖ Coordination with LGU on strengthening LMIS and heightened enforcement post-abattoir control.
- ❖ Conducted 17 monitoring/surveillance of meat markets, 1 strike operation and confiscated 112 kgs of hot meat.
- ❖ Close monitoring of LRME slaughterhouses.
- ❖ Conducted surveillance and monitoring of meat markets at Baguio City, Benguet, Abra, Ifugao and Mt. Province.
- ❖ Conducted Food Safety, GMP/GHP, SSOP, FAW, Enforcement, LMIS, BMITC and Retooling seminars/trainings to 982 participants.

RTOC 3 – CENTRAL LUZON

- ❖ Registered a total of 1,932 MTV and have a total of 95 Licensed Meat Establishments.
- ❖ Analyzed 8,388 samples for pathogen monitoring and 4,062 samples analyzed for veterinary drug residue.
- ❖ Conducted 67 monitoring/surveillance of meat markets, 24 strike operation and confiscated 6,815 kgs of hot meat.
- ❖ Issued a total of 193,083 COMI.
- ❖ Disposed a total of 174,247.41 kg of non-conforming imported products.
- ❖ Conducted GOP, GMP, Food Safety, SOMOS BMITC and Retooling workshop to 2,122 participants.
- ❖ Conducted workshop on the drafting of local ordinance for the LGU of Angeles City, Province of Bataan and Tarlac.
- ❖ 0% Zorro in 13 Licensed Slaughterhouses.
- ❖ Conducted 22 strike operations and confiscated 6,219.03 kg hot meat.

RTOC HIGHLIGHT OF ACTIVITIES

- ❖ Strong coordination with DA agencies and LGU in the fight against ASF.
- ❖ Completed MEIP in Dinalupihan, Bataan and Masinloc, Zambales.

RTOC NCR – NATIONAL CAPITAL REGION

- ❖ Registered 1,717 MTV and have a total of 110 Licensed Meat Establishments.
- ❖ Has the highest number of accredited meat importers at 197, classified as Meat Importer Trader = 176, Meat Importer Processor = 16 and Meat Importer Institutional User = 5.
- ❖ Summoned 2 importers for non-conforming imported products.
- ❖ Conducted 372 monitoring/surveillance of meat markets, 26 strike operation and confiscated 30,767 kgs of hot meat.
- ❖ Confiscated and disposed of 400 kg of Indian Buffalo meat confiscated from wet markets.
- ❖ Conducted an interagency meeting with BAI NCR LGU on issues and concerns regarding meat inspection.
- ❖ Conducted advocacy, assessment and assistance in the creation of Local Meat Inspection Service.
- ❖ Food Animal Welfare Seminar for butchers, transport handlers and ME operators.
- ❖ Conducted GOP, GMP, Food Safety and BMITC to 489 participants.

RTOC 4A – CALABARZON

- ❖ Registered 1,654 MTV a 29.4% increase compared to 2018.
- ❖ First RTOC to implement accreditation of container vans.

RTOC HIGHLIGHT OF ACTIVITIES

- ❖ Conducted 104 technical assistance to LGU and private entrepreneurs, including rabbit slaughterhouse and small scale PDPs.
- ❖ Laboratory analysis of 1,172 samples of meat for export.
- ❖ Conducted 79 monitoring/surveillance of meat markets, 49 strike operation and confiscated 4,570 kgs of hot meat.
- ❖ Total of 45,182.75kg of meat products were exported from RTOC IV-A “AAA” accredited meat establishments.
- ❖ Total of 51,410.4 kg. of Chicken Fat/Skin were condemned due to spoilage and failed microbial analysis results.
- ❖ Conducted 36 trainings on food safety, GHP, GOP, SSOP, GMP, Consumer Protection and BMITC.

RTOC 4B – MIMAROPA

- ❖ Had first and only Accredited “AA” CSW in MIMAROPA
- ❖ Conducted food safety seminars participated by 984 food handlers which include butchers, meat vendors, restaurants owners, food servers, waiters, caterers and the like including LGU officials.
- ❖ Regular coordination with Provincial LGUs to strengthen the LMIS.
- ❖ Conducted 55 monitoring/surveillance of meat markets, 3 strike operation and confiscated 387 kgs of hot meat.
- ❖ 2 MEIP slaughterhouse recipients (Gasán, Marinduque and Sablayan, Occidental Mindoro).

RTOC 5 – BICOL REGION

- ❖ Food Animal Welfare -100% ZORRO
- ❖ Disease Surveillance- Protected Zone in ASF, strong collaboration with LGU and DA counterparts on the prevention of ASF.

RTOC HIGHLIGHT OF ACTIVITIES

- ❖ Conducted GHP seminar to 431 participants and advocacy awareness to 767 participants and BMITC to 22 participants.
- ❖ Conducted 18 monitoring/surveillance of meat markets, 29 strike operations and confiscated 3,290 kgs of hot meat.
- ❖ Imposition of administrative fine to P200,000.00 Glacier Cold Storage.
- ❖ Institutionalization of LMIS Albay, Cam Norte, Cam Sur, Sorsogon.

RTOC 6 – WESTERN VISAYAS

- ❖ 27 Licensed ME and 247 registered MTV.
- ❖ Conducted GHP seminar to 3721 participants, advocacy awareness to 339 participants, SOMOS to 54 participants and BMITC to 22 participants.
- ❖ Conducted 54 monitoring/surveillance of meat markets, 15 strike operations and 4,858.75 kg of hot meat.
- ❖ Proactive in its response to some complaints relative to meat establishments operating without valid accreditation from NMIS. Together with the Task Force Botagoy of Negros Occidental, a strike operation was conducted to these illegal dressing plants.
- ❖ ASF prevention activities such as intensified surveillance and monitoring of borders and markets as well as joint inspections with LGU partners of Bacolod City, Iloilo City and Boracay, Caticlan, Aklan.
- ❖ Provided technical assistance to 27 LGU's, 12 LGU site Inspection and 4 site inspection in private dressing plants.

RTOC 7 – CENTRAL VISAYAS

- ❖ Certified 747 MTV of which 270 MTVs are new registrations.
- ❖ Conducted 54 monitoring/surveillance of meat markets, 9 strike operations and confiscated 3,023 kgs of hot meat.

RTOC HIGHLIGHT OF ACTIVITIES

- ❖ Accredited 22 Meat Importers, of which 18 MIT and 4 MIP.
- ❖ Technical support on the construction of slaughterhouse in Mantalungon, Barili under the NLP and Sikatuna, Bool thru SSMEP.
- ❖ Completed the required information required in the National Abattoir Development Master Plan.
- ❖ Strengthened LMIES advocacy and prepared LGU for certification.
- ❖ Geotagging of 63 LRMEs.
- ❖ Conducted GHP seminar & advocacy awareness to 664 participants, SOMOS to 34 participants and BMITC to 21 participants.
- ❖ Strong participation to ASF prevention activities with the LGU and private stakeholders. Maintained ASF Free region due to the strong commitment of NMIS, LGU, BAI and private stakeholders and summoned meat importers in relation to the importation of banned products.

RTOC 8 – EASTERN VISAYAS

- ❖ Registered 309 MTV and 16 Licensed ME.
- ❖ Conducted 49 enforcement activities.
- ❖ Conducted GHP, Food Safety, BMITC seminars/trainings to 1,465 participants.
- ❖ Enforcement activities were done in all key cities and markets in the region.
- ❖ Conducted 28 monitoring/surveillance of meat markets, 2 strike operations and confiscated 307 kgs of hot meat.
- ❖ Enforced ASF prevention activities such as increased vigilance and presence of NMIS on port of entries in Northern Samar and Samar, coordination with the City Vet of Tacloban City to set-up a check point at the San Juanico Bridge.
- ❖ Strived to improve conditions of LGU slaughterhouses particularly in the 3rd to 5th class municipalities. Improving slaughterhouses and building new slaughterhouses were included in the Annual Investment Program of the region.
- ❖ Collaboration with LGU in improving LMIS.
- ❖ Completed database in LPI-EWS or Livestock Poultry Industry – Early Warning System and

RTOC HIGHLIGHT OF ACTIVITIES

was able to identify and recommend LGU personnel as data collectors.

- ❖ Established close coordination with the academe, particularly the College of Meat Technology, University of Eastern Philippines and the College of Veterinary Medicine, Visayas State University.
- ❖ Completed 4 municipal slaughterhouses in Easter Samar (Balangiga, Oras, Mc Arthur and Dolores), under the SSMEP.
- ❖ Completed municipal slaughterhouse of Burauen, Leyte under the MEIP.
- ❖ Extended technical assistance for the completion of 4 slaughterhouses in Southern Leyte (Liloan, Anahawan, St. Bernard, Hinunangan) funded thru BUB.
- ❖ Coordinated and facilitated rehabilitation of 7 slaughterhouses damaged during the Typhoon Yolanda.

RTOC 9 – ZAMBOANGA PENINSULA

- ❖ 8 Meat Establishments maintained their License to Operate (LTO) - 100% maintained
 - ❖ 96 unit of meat transport vehicles (MTV) were registered (renewal)
 - ❖ 38 post-abattoir activities conducted - 73% increase from previous year
 - ❖ Conducted 145 monitoring/surveillance of meat markets, 4 strike operations and confiscated 61kgs of hot meat.
 - ❖ 21 LGU were assessed on the status of their Local Meat Inspection Service (LMIS) and geotagged in Region IX
 - ❖ 2 constructed Small Scale Meat Establishments (SSME) projects (Dumaliniao and Siocon)
 - ❖ 19,773,651.4Kg of meat (carabeef, beef, pork, chevon, and chicken meat) were certified fit for human consumption - 4.31% increase from previous year
 - ❖ 32,965 Meat Inspection Certificates issued - 163% increase from previous year
 - ❖ 6 LGU Meat Inspectors were maintained for deputation by NMIS - 100% maintained
-

RTOC HIGHLIGHT OF ACTIVITIES

- ❖ 5 capability development activities were conducted participated by 125 trainees coming from LGUs within the Region (Basic Meat Inspection Training Course-BMITC, Training of Trainers on Food Safety (2), LGU Enforcement Refresher Course, Retooling for Deputized Meat Inspectors)
- ❖ 37 advocacy campaign activities, LGU and stakeholders engagements and technical assistance (Food Safety Seminars, Good Manufacturing Practices-GMP and NMIS Laws and Issuances, LGU and stakeholder engagements through regular meetings) were conducted throughout the Region - 85% increase from previous year
- ❖ Assessed twenty-one (21) LGUs in their LGU Meat Inspection Service (LMIS) including the Geo-tagging of their meat establishments.
- ❖ 89.43% utilization of approved budget for 2019 PAPs
- ❖ Coordination meeting with Pagadian City LGU for the creation of a Joint Regional Committee for the assessment of the city market and slaughterhouse.

RTOC 10 – NORTHERN MINDANAO

- ❖ Confiscated 22,641.60 kg of non-conforming meat from CSW.
- ❖ Inauguration of New NMIS RTOC Building at El Salvador City, Misamis Oriental.
- ❖ Participation to the Nationwide clean-up and international coastal clean-up drive
- ❖ Conducted trainings and seminars on food safety and BMITC to 1,310 participants.
- ❖ Conducted Meat Inspectors Congress with 46 participants.
- ❖ Reported GMP compliance of 21 Licensed ME and reported 1 ME non-compliant with the FAW program.
- ❖ Conducted 61 meat market monitoring/surveillance, 17 strike operations and confiscated 1,849 kgs of hot meat.
- ❖ Dry run for infrastructure projects: Opol SLH (MEIP) and Linamon SLH (SSME).

RTOC HIGHLIGHT OF ACTIVITIES

RTOC 11 – DAVAO REGION

- ❖ Number of Licensed ME increase of 10.7%, with a total of 22 “AA” ME and 8 “AAA” ME
- ❖ Registered 456 MTV
- ❖ Laboratory results for Vet. Drug Residue showed that 99.45% of samples had negative results
- ❖ 1 container van with imported mechanically deboned chicken meat from was condemned due to thawing upon inspection
- ❖ AAA SLH Maharlika Agro-Marine Ventures Corp. produced a total of 13,036.80 kg of chicken product exported to Japan
- ❖ Conducted various seminars and training on meat inspection and food safety with a total of 1,027 participants
- ❖ Strong participation in DA efforts to prevent and control ASF
- ❖ Conducted 64 meat market monitoring/surveillance, 81 strike operations and confiscated 9,397.68 kg of hot meat.

RTOC 12 – SOCCSKARGEN

- ❖ Inauguration and blessing of new NMIS RTOC 12 Administrative Building at the City of Koronadal.
- ❖ 255 MTVs registered, increase of 18.6 % from 2018 registration
- ❖ LC MS/MS preventive and maintenance
- ❖ More education campaign through seminars and reaching out to a greater number of people and Local Government Units, with 33 orientation seminars on Good Handling Practices (GHP) were conducted versus the target of only eight (2x per quarter with budget), that is 412.5% versus target.

RTOC HIGHLIGHT OF ACTIVITIES

- ❖ Took advantage of the people's attachment to social media to bring more educational insights based on actual situations and observations from different meat markets of Region 12. New Ideas, updates on Meat Inspection and about the services done by the National Meat Inspection Service are actively posted in NMIS Region 12 Facebook page.
- ❖ Conducted 179 meat market monitoring/surveillance, 41 strike operations and confiscated 1,062 kg of hot meat.

RTOC 13 – CARAGA

- ❖ Licensed 14 ME and registered 143 MTV.
- ❖ 6 Deputized MIO.
- ❖ Conducted 26 trainings/seminars on BMITC, GHP, Advocacy Awareness, SOMOS and LGU veterinarian meetings.
- ❖ Coordination with LGU in improving LMIS.
- ❖ Conducted 4 strike operations and confiscated 264 kg of hot meat.
- ❖ Completed MEIP Tandag City Slaughterhouse and SSMEP Carmen, Agusan del Norte and Sison, Surigao del Norte.
- ❖ Coordinated with animal farmers and stakeholders “Eat Pinoy Pork Challenge”

RTOC BARMM – BANGSAMORO AUTONOMOUS REGION IN MUSLIM MINDANAO

- ❖ Conducted GHP training to 68 participants and BMITC to 5 participants.
- ❖ Has a Licensed “AA” PDP with a deputized MI.

GENERAL ADMINISTRATION AND SUPPORT'S (GAS) REPORT

GENERAL ADMINISTRATION AND SUPPORT'S (GAS) REPORT

ADMINISTRATIVE DIVISION

The Administrative Division conducted the following activities, trainings and seminars to ensure management and development of NMIS employees:

ACTIVITY	DATE	NO. OF PARTICIPANTS
Orientation Seminar on Updates on CSC 2017 Omnibus Rules on Appointment and Other Human Resource Actions (ORAOHRA) Revised July 2018	April 10-12, 2019	40
Seminar/Workshop on Records Disposition Administration	April 10-12, 2019	44
Seminar/ Workshop on 4 Property Management System	May 28-31, 2019	40
Administrative Management Program Performance Assessment & Commitment Setting	July 9-12, 2019	33

FINANCE DIVISION

The NMIS was granted a total of Php 480,577,000 appropriations, with an amount of Php 211,771,000 for Personnel Services (PS), Php 247,947,000 for Maintenance and Other Operating Expenses (MOOE) and 20,859,000 for Capital Outlays (CO).

CLASSIFICATION	ALLOTMENT	OBLIGATIONS	BALANCE	%
PS	215,340,891.00	214,067,145.61	1,273,745.39	99
